

Take Control of Your Energy

Electric Utility Prices Are on the Rise

You may have heard that you can save 20% but the *truth* is:

You may save money compared to the higher utility prices, but NOT compared to what you've paid in the previous years under the PA rate caps

Trust the Experts:

- Power Management Company has the experience to analyze your accounts and provide you with the best available options for your company.
- Our personalized approach is tailored to meet your specific energy needs.
- Our management team provides ongoing support to help you make the right energy choices for your company.

Act Now:

- Reduce your exposure to energy risk during this time of change.
- Complete the attached letter of authorization and send to Power Management with a recent electric invoice and we will provide you with a **FREE** account analysis.

**Fax to (585) 249-1361 or
